

1. Welcome Page - Login

Four highly secure authentication mechanisms enable login to **myeDFi**: eye scan, finger print scan, voice signature and the traditional membership number and password. **myeDFi** enables users to perform financial and data transactions from anywhere, any time, via traditional or mobile devices, such as PDAs, mobile telephones and interactive digital TV.

2. Main Menu

The four key secure service components of **myeDFi** are:

- Access to unlimited disk space
- Life management services
- Pay-as-you-go software
- Collaborative computing

Additional services such as eMail, contacts, agenda, online shopping, micro payments, alert messages and production of personal and financial reports are also available through **myeDFi**.

3. Account Aggregation and Wealth Management

A consolidated view of selected accounts on a single webpage. Users with multiple bank accounts from different banks have a single sign-on to all their accounts. Users are able to:

- View account lists and statements
- Make transfers of money and payments
- Manage standing orders and direct debit

4. Online Software

On demand cost-effective availability of mainstream software, 24 hours a day, 365 days a year. Get free upgrades and use the subscription scheme (pay-as-you-use, one-off or limited period) that is more convenient for you. By optimising the available bandwidth, **myeDFi** offers a remote electronic desktop giving the user the functionality and security expected of a hard-wired system.

5. Disk Space

Unlimited hard disk space to store office and personal data such as financial portfolios, medical records, music and videos. **myeDFi** provides additional services such as periodic backups, virus checking and data recovery services. **myeDFi** takes deposits of information from individuals and businesses, guaranteeing to keep it secure for a relatively low cost and makes it accessible to them in an encrypted online format at all times. **myeDFi** is the worldwide virtual hard disk store of encrypted information, with a security guarantee.
